

**Web + Mobile App based Online Training
(Online/Offline based Training)**

Online Training-> By using Mobile App, candidate can download Mobile App E-Learning on the computer system or on Mobile or on both for which internet connection is required.

The candidate can complete the training in online mode for which internet connection is required. The candidate can access the training using the training link <https://iiiindia.org.in>. In this case, Mobile Number will be Login Id and Password will generated as one time password (OTP) which will be sent by SMS on the registered Mobile Number.

Following links should be white listed:

SrNo	Need to white listed	Following uses of the respective Links
1	https://iiiindia.org.in	To access the Training
2	cdn.firebaseio.com	Serves the library which is used for real time data and chat service.
3	firebaseio.com	
4	cdn.rawgit.com	Serves an open source library to support Google's Material Design.
5	www.youtube.com	It is not mandatory - users can go through reading material and assessment). This serves video content

Offline Training-> As soon as mobile app is downloaded on computer system or on mobile or on both, candidate can complete the training in offline mode also for which internet connection is not required.

After completing the training offline to update the training hours they have to come in online mode for which internet connection is required. As soon as the training is completed on PC/Laptop or on mobile in offline mode, the system can update training hours which are completed by the candidate either on PC/Laptop and on Mobile App.

Insurance Marketing Firm will get the dashboard so that they can review live training hours status report.

LIVE Training Status Report -> Insurance Marketing Firm can download updated Training hours Report on daily basis using ID and password if candidates are registered for Mobile App Training as per follows:

www.insuranceinstituteofindia.com -> Insurance Marketing Firm-> Full Report -> Training Report
