Bandra (East), Mumbai – 400051

Jointly with

North American Training Group (NATG)

9030 Bellhurst Way #124
West Palm Beach, FL 33411

BACKGROUND: Over the last few years the importance of preventing, avoiding and eradicating frauds is being increasingly understood by the industry. However, the lack of a comprehensive and integrated approach to Insurance Fraud Management continues to be a concern. While fraud related courses are available in more developed markets, the absence of a comprehensive academic program that can create a cadre of anti-fraud professionals has been cited as a reason for the Indian Insurance industry being victimised by fraud.

FRAUD MAKES INSURANCE UNVIABLE FOR INSURERS AND INSURED: Costs of bogus claims, inflated claims and costs of fighting fraud translate into increased premiums which in turn can make insurance increasingly unaffordable to many existing and future consumers.

SOCIAL ANGLES OF INSURANCE FRAUD: In India, we have seen multiple types of health insurance frauds, especially in group policies. In many parts of the globe there are larger angles of money laundering, funding of terrorism and trans-country cyber-crimes. There are also cases of inflated insurance billings and organized groups benefitting from fake claims.

THE INSURANCE INDUSTRY'S ANSWER: There have been various initiatives by insurance companies and related organizations for preventing fraud, combating fraud, investigating fraud, trying to protect the companies' bottom lines and bringing the perpetrators of fraud to the book. There have been various initiatives in this direction like Coalition against Insurance Fraud, Insurance Fraud Bureau and IRDAI's Insurance Fraud Monitoring Framework etc. by various stakeholders like Association of British Insurers.

OBJECTIVE: In this context, III is happy to present its CIAFP course in association with NATG. The objective of the Course is to cover all academic and practical aspects of fraud fighting, fraud detection cum investigation and fraud prevention in insurance.

COURSE CONTENT:

- ✓ Insurance Overview (Course 1)
- ✓ Introduction to Insurance Fraud (Course 2)
