Happenings at Institute Monthly e-Newsletter July 2013

Message

Dear Fellow Professionals,

Welcome to the current edition of our Monthly e-Newsletter.

As you all are aware that the Insurance Institute of India is a Professional Institution imparting insurance education and training in Life & General Insurance. It has also been our endeavor to impart technical educational training, research etc. which will certainly help the industry to keep its professionals updated with the latest knowledge and meet the challenges of dynamic insurance industry which will lead to the growth of the business as well.

Insurance Institute of India, recently participated in the “India Education Expo 2013”, organized by the Times of India group at Male, (Republic of Maldives), Colombo (Sri Lanka) and Kathmandu (Nepal). The Institute’s officials visited various Insurance companies and apprised them about the activities conducted by Insurance Institute of India and training programs of College of Insurance. Most of the insurance companies of these countries were very much interested & assured us that, they will nominate their maximum no. of employees for training regularly. They have also requested to send our insurance expertise to their countries. Some of the overseas organizations are also interested in tie-up with I.I.I. in the area of Insurance & Training. The Insurance companies of Sri Lanka, Nepal, Bhutan and Bangladesh are sponsoring increasing number of candidates for training at our College of Insurance for Life and General Insurance sessions.

I.I.I. is having a special scheme of arrangement for the promotion of the Advanced Diploma in Insurance qualification with C.I.I. The American Institute for Chartered Property Casualty Underwriters (USA), Life Office Management Association (USA) and Insurance Institute of Canada has granted exemption to our Associates & Fellows. Details are available on our website www.insuranceinstituteofindia.com.

Recently, the Department of Economics (Autonomous) University of Mumbai in collaboration with Insurance Institute of India (College of Insurance), Mumbai has introduced one year Post Graduate Diploma in Health Insurance.

‘Marketing is core activity of any industry’ but insurance marketing has a different notion than other industries which creates an urge for specialized training to marketing professionals. For this purpose, I.I.I. has introduced Certificate Program in Advanced Insurance Marketing (CPAIM). We request all Insurance Marketing professionals to take the benefit of this certificate course.

*Regards,
B. V. Chavan
