Program Concept and Objectives:

The government's development-oriented endeavors across the country have resulted in the growth of many MSME enterprises and large industrial units in India. This rapid industrial growth calls for a high degree of support from the insurance industry, as huge losses can arise due to various causes. Fire/ Property Insurance plays a pivotal role in mitigating risks associated with property damage, ensuring financial security for businesses and individuals.

A comprehensive understanding of the new challenges in insuring property risks, the innovations in the industry, and the best practices within the realm of Fire/ Property Insurance is needed to sustain businesses.

In this context, the College of Insurance has designed this program to provide insurers and others involved in Fire/ Property insurance, an in-depth knowledge in these areas.

Key Takeaways from the program:

This two-day program seeks to equip the participants with the knowledge and tools necessary to navigate the complexities of Fire/ Property Insurance. The program is designed to empower participants in the following areas:

- Understanding the processes involved in managing risk in multiple industries
- Appreciating the roles and functions of underwriters, risk engineers, and loss assessors
- Enhancing the understanding of different types of insurance policies under the Fire Line of business
- Deliberating on the nuances of Business Interruption Insurance

Familiarization with the concepts of 'All Risk' insurance and the working of Industrial All Risks (IAR) and Mega Risk Insurance Packages

Participant Profile:

Junior and Middle-Level Executives in Insurance Companies, Brokers, Agents including Corporate Agents, IMFs, Banks dealing in Marketing Fire/ Property Lines of Insurance, Underwriters, Risk Engineers and other Risk Management Professionals, Claims Adjusters, Claims Processors, Legal Professionals and Compliance Officers
