

International Reinsurance Classroom Training Program (CT) (Program ID: IPC) 15 - 20 December, 2025

Program Concept and Objectives:

Insurance and Reinsurance markets across the globe are increasingly facing the devastating effects of natural catastrophes and man-made disasters. This situation has made it imperative for insurance practitioners to equip themselves with the concepts, practices of reinsurance business and be aware of the emerging trends. In addition to knowing the traditional practices of reinsurance, today's practitioners need to be cognisant about the importance of controlling accumulations, catastrophe modelling, managing capital, appreciation of Alternative Risk Transfer mechanisms, and using technology in making appropriate decisions.

Recognizing the knowledge gaps and skill gaps of reinsurance practitioners, especially in developing markets, who need to deal with insurers and reinsurers in multiple countries, College of Insurance, the training arm of Insurance Institute of India, offers 'Reinsurance Program: International' (COI-RPI).

Key Takeaways from the Program: The program is designed to provide a reasonable appreciation of reinsurance including:

- Theoretical and practical aspects of Reinsurance,
- Reinsurance markets and pools,
- Regulations in insurance/ reinsurance,
- Considerations in fixing retentions,
- Designing a reinsurance program,
- Reinsurance and financial security,
- Placement of reinsurance in multiple markets,
- Controlling accumulations and NatCat exposures,
- Appreciation of ART mechanisms
- Appreciation of Modelling in Reinsurance

Participant Profile:

This program is designed for international participants interested in learning reinsurance as an exclusive training package of 6 days, inclusive of a day for seeing the historic city of Mumbai.
