

## Classroom Training Session on Renewable Energy Insurance - The Emerging Opportunities (CT) - 23 to 24 July, 2026

**Program Concept and Objectives:** There is a global concern about the impact of climate change, and insurers are also concerned. Emissions need to be reduced by almost half by 2030, to reach Net Zero targets by 2070. In order to achieve this, India needs to cut down its dependence on fossil fuels (limited reserve) to a large extent by 2030, and invest in alternative sources of energy that are clean, accessible, affordable, sustainable and reliable.

The Government of India plans to establish renewable energy capacity of 500 GW by 2030. As on 31st Dec 2025, the installed renewable energy capacity stood at 254 GW, of which Solar comprised of 133 GW, Wind 54 GW, Bio-Power 10 GW and Small Hydro-power 5 GW. This sector is growing at over 30% per annum, very silently. National Hydrogen Mission makes India pioneer on Hydrogen Power. Govt. incentivises to promote Renewable Energy sector. So far only around 9% of renewable energy potential has been explored in India leaving a large scope for RE to grow in the future.

This indicates the importance of Renewable Energy Sector on the Indian economy and on the Indian Society. Non-Life Insurance players in India need to be equipped to manage the associated risks through appropriate insurance policies for the growing demands of the renewable energy sector.

The above program of 2 days duration will impart knowledge in the relevant areas on “Management of Renewable Energy Insurance” taking into account other sources of clean energy as well.

**Key Takeaways from the program:** The Program aims at making the participants aware of:

- Hydro Power, Solar Power, Wind Power, Green Hydrogen, Nuclear Power and other types of Renewable energy as well as other sources of clean energy.
- The working of RE plant and machinery, major equipment and the protection systems
- Typical Fire Risks, breakdown, BI and other loss scenarios in these power plants
- Specific insurance coverage to protect the assets against fortuitous claims
- Specialized knowledge on underwriting and claims procedures

**Participant Profile:** The Program is designed for Executives in Insurance Companies, Brokers, IMF, Freelancers, and officials dealing with RE generation and distribution.

**Program Date:** 23-24 July 2026

**Program Duration:** 2 days (CT)

**Program Time (IST):** 10.30 am to 05.30 pm

**Program Coordinator:** Mr. Sudip Dutta, Faculty, Faculty, Email: dutta@iii.org.in, Contact No: 9769606484.

**Program Fees:**

**Participants requiring residential facilities: Total amount Required – Rs. 11800/- i.e.(Rs. 10000/- plus 9% CGST + 9% SGST).**

(The fees cover tuition, course material, A/C single room accommodation in the Institute’s campus and full boarding (bed tea/coffee, breakfast, lunch, light refreshments in the evening and dinner). All rooms are fully furnished with attached bathroom and Internet facility. Rooms are reserved from 12.00 noon onwards the day prior to the commencement of the program. The participants can stay till 12.00 noon next after the conclusion of the program.

**Non-residential participants: Total amount Required – Rs. 5900/- i.e. (Rs. 5000/- plus 9% CGST + 9% SGST).**

(The fees cover tuition, course material and day boarding (i.e. breakfast, lunch and tea/coffee during tea breaks for actual days of training).)

**PROGRAM VENUE:**  
College of Insurance  
Insurance Institute of India,  
2nd Floor – 2A & 2C, CBD/1, Synthesis Business Park,  
Action Area II, Newtown, Kolkata – 700 156.
