

# Classroom Training Session on Health Insurance : Medical Management and Fraud Control (CT) 19 to 20 May, 2026

## Program Concept and Objectives:

Health insurance is essential for giving financial stability in the event of medical emergencies. Its importance was recognised by the entire globe, after the Covid-19 pandemic. Promoting wellness initiatives is a proactive approach to reducing claims costs and enhancing policyholder health. Wellness programs focus on preventive care, encouraging healthy lifestyles, and reducing the incidence of chronic diseases. These initiatives align the interests of insurers and policyholders by minimizing claim frequency and severity. However, the increasing complexities of healthcare services and claims processes poses challenges in medical management and fraud prevention. This two-day training program is designed to address these critical aspects, equipping participants with the knowledge and skills necessary to ensure efficient claim management and mitigate fraudulent activities.

## Key Takeaways from the program:

The program is designed to equip participants in the following areas:

- Understanding the importance of Medical Management and its relevance in Health Insurance
