

Insurance Institute of India, COI, Mumbai
**Classroom Training Session on
Reinsurance Management Program - International (CT)**
8 to 13 June, 2026

Program Concept and Objectives: Insurers and Reinsurers across the globe are increasingly facing the devastating effects of natural catastrophes and man-made disasters. This situation has made it imperative for insurance practitioners to equip themselves with the concepts, practices and awareness of the emerging trends in reinsurance business. In addition to knowing the traditional practices of managing reinsurance, today's practitioners need to be cognizant about the importance of controlling accumulations, catastrophe modelling, managing capital, understanding collaterals, appreciating Alternative Risk Transfer mechanisms such as Cat Bonds and using technology in making appropriate decisions.

Recognizing the knowledge gaps and skill gaps of reinsurance practitioners, especially in developing markets, who need to deal with insurers and reinsurers in multiple countries, College of Insurance, offers 'Reinsurance Management Program: International' (RMPI) as a comprehensive program. This covers detailed technical content, managerial aspects as well as some of the nuances of dealing with advanced reinsurance markets and specialized lines of insurance. Faculty for this program would include experienced senior level executives from insurance/reinsurance companies, reinsurance brokers and consultants proficient in reinsurance and related areas.

Key Takeaways from the program: The six-day program is designed to provide a reasonable appreciation of reinsurance from a management perspective, including:

- Theoretical and practical aspects of Reinsurance,
- Reinsurance markets and pools
- Regulations in insurance/ reinsurance, and financial security aspects
- Importance of clauses and documentation
- Considerations in Controlling accumulations, NatCat exposures and fixing retentions
- Designing a reinsurance program
- Concerns in accepting Inward Reinsurance
- Placement of reinsurance in multiple markets, and roles of reinsurance brokers
- Appreciation of ART in risk management decision making process,
- Importance of quantitative techniques and significance of PML in reinsurance
- Appreciation of Modelling in Reinsurance
- Reinsurance Accounting – methods and procedures
- Details of claims procedures,
- Concerns in specialized lines - Aviation, Satellite, Marine Hull, Property, Engineering, Energy, Liability risks, etc.

Participant Profile:

This six-day program [5 days (30 hours) of classroom training and one day for seeing the historic city of Mumbai] is specially designed to provide international participants an in-depth learning of Reinsurance. The focus is on insurance/ reinsurance executives in the senior/ middle management levels who require specific knowledge and skills on multiple aspects of the reinsurance business, including processes and management of specialized classes or reinsurance business.
