Consequential Losses (CT-PIF&SP&CL)**
Program ID- CPG19 (From: 11th to 12th December 2023)

Relevance of the Program:-

Fire used to be the profitable portfolio. After few years of downtrend the focus has returned on this portfolio. There has been complete de-tariffing of Fire Insurance. IRDAI has launched three standard Products for Dwellings with no SI limits and for Micro, Small and Medium enterprises up to Rs.50 Cr SI. GIC Re as National Reinsurer has also put its stringent terms to the treaty partnering insurers by setting it's terms based on IIB data based rates to follow to stabilize this portfolio. This has resulted in some standardized terms with positive outcome. This is the right time that a fresh look is to be given to Fire Insurance and Fire Loss of Profit Insurance. The catastrophic perils like Flood, Cyclone and EQ have bearings in this kind of cover to manage the disastrous losses. Risk inspection, Risk analysis, PML considerations are the major areas where Underwriters, Brokers, and other involved in the process should focus.

The above program of two days duration will impart knowledge in the relevant areas on Management of Fire Insurance (Material Damage and LOP)
