

Virtual Training Session on Understanding Re-Insurance for Operations (CVT) - 13 February, 2026

Program Concept and Objectives:

Following the complete de-tariffing of the standard terms, more policies are likely to be customized, and new innovative policies are expected to come in soon. Insurance carriers and the customers would like to see more comprehensive and simplified policies are designed, coming out of the standard policies issued for decades in the complex and monotonous formats. The carriers' product development team and the support of Reinsurance partners shall be of immense importance. Besides the product management team, all operating executives need to understand the roles and modes of Re-insurance functions that would drive the terms of coverage and pricing of the products.

COI has created '**Virtual Training (CVT) Rooms**' as a cost-effective mechanism for participants to equip themselves academically at their respective locations.

Key Takeaways of the program:

It aims at making the participants aware of–

- Importance and procedures of Reinsurance
- Types of Re-insurance arrangements
- Re-insurance accounting and settlement.

Participant Profile:

- All middle level executives across the insurance organization
- Product management team
- Insurance Brokers' Executives
