

College of Insurance
Insurance Institute of India, Mumbai
Classroom Training Session on Motor OD Insurance -
Underwriting and Claims - Program ID – CPG20
(From: 22nd to 23rd June 2023)

Relevance of the Program:-

Motor insurance is one of the most widely demanded portfolio of General Insurance Industry. The number of new vehicles is growing in the country and existing vehicles are often put to long term use. There are some innovations in the industry recently whereby policies have been designed linked to usage of the vehicles and the driving history of the owners. There are floater policies for multiple vehicles also. Concepts of sachet policies also are being discussed.

Bad driving is an issue everywhere in all cities. Road accidents, traffic collision, crashes and vehicle thefts are increasing day by day. All these factors play a vital role in determining the prices of Motor insurance. Competition in the market and strict regulations compel insurance companies to settle claims immediately and professionally. There are experts who believe that the best way forward is to ensure that no vehicle remains uninsured. However, this is a big challenge as there are multiple stakeholders who need to work together.

College of Insurance has designed this training so that the viewpoints of multiple stakeholders are addressed.

Learning Objectives:-

The program is designed to enable participants to:

- Understand important Regulations and changes till date in Motor Insurance.
- Learn underwriting aspects and premium computation of different OD products
- Appreciate the importance of various coverages and add-on covers
- Discuss the Motor insurance portfolio and be prepared about the way forward.
