

## Classroom Training Session on Leadership Reimagined: Elevating Managerial Excellence in Insurance (CT) - 29<sup>th</sup> - 30<sup>th</sup> July, 2025

### Program Concept and Objectives:

"Inspire, Lead & Transform!" - Organizations often set lofty goals and objectives and expect the Managers to work hard and smart to get these translated into reality. Managers need many skills for transforming themselves into Leaders to get the full backing of their teams. Managerial skills are required for one's own performance, as well as for building, motivating and getting the performance of the team at optimal levels. Besides, Managers need to communicate clearly with their subordinates, peers and superiors to align themselves to the organizational objectives. Above all, Managers need to set themselves as examples for their team as well as to others in the organization. Even the Managers who have many years of experience, often need to review and reorient themselves to the Management Concepts and Leadership Lessons and keep themselves alert to the ever changing challenges that Managers tend to face in modern times. Again, dealing with the newer generations needs a good appreciation of the current managerial trends.
