The Insurance Institute of India and Chartered Insurance Institute London have entered into a special scheme of arrangement for the promotion of the Advanced Diploma in Insurance (ACII) qualification of the CII to the Associates and Fellows of Insurance Institute of India at concessional rates.

The CII's qualification framework, gives the candidates flexibility in study options. Accordingly a candidate has to accumulate 290 credit points to be eligible for getting ACII Qualification from the CII. Credit points can be accumulated by passing the CII subjects which are assigned different credit points depending on their level of difficulty.

The Associates and Fellows of the Insurance Institute of India will be granted 120 and 210 credits respectively by way of accreditation as per the scheme of arrangement. The Associates will therefore have to accumulate further 170 credits and Fellows 80 credits to be eligible to acquire ACII qualification.

The CII has also slashed the fees more than fifty percent in respect of examination fees, study course materials, membership fees and have totally exempted the admission fees and accreditation fees under this scheme. The members of III can thus save nearly 150 to 200 Sterling Pounds per subject for the examinations of CII as per this Scheme.
